

# Preliminary Considerations regarding a Bachelor or Master Thesis in Media and Computer Science

aka: Planning of the Human-Centered Design Process

## Overview of how to do scientific work (German):

[https://www.youtube.com/watch?v=\\_ID7q7pXzyc](https://www.youtube.com/watch?v=_ID7q7pXzyc)

## Similar version but in (broken) English:

<http://www.organizingcreativity.com/2017/10/online-presentation-broken-english-scientific-writing/>

## Preliminary Consideration

good work = thematic interests x technical competencies x competent advisory

### Thematic Interests

- ...

### Technical Competencies

- ...

### Competent Advisory

- ...

If **all three** components are fulfilled, examine possible topics (table on next page).
